Compatible Cameras

For AHD, high resolution, please use **Chipatronic Hybrid** series cameras set to AHD Mode. Any standard **CVBS** camera can be used with this monitor but the camera image may appear lower quality if the resolution (of the camera) is not high enough.

If using an RCA connected camera a 4 Pin to RCA adaptor **CH-4FRCAS** will be required.

Cables

Please use **Chipatronic** cables and accessories, see www.chipatronic.com.au for complete range of caravan cables, extension cables and accessories.
